FACULTY

Kylie Booth **Collingwood, Canada**

Kylie Booth is the Chief of Emergency Medicine at Collingwood General and Marine Hospital in Collingwood, Ontario. Dr. Booth obtained her medical degree from the University of Toronto. She holds faculty appointments in the Department of Family and Community Medicine at the University of Toronto and McMaster University and is active in both undergraduate and postgraduate medical education. Dr. Booth has received awards for teaching excellence and continues to present at various professional meetings in Emergency medicine.

Mike Betzner **Calgary, Canada**

Mike Betzner is a graduate of University of Alberta Medical School in 1991 followed by a Royal College Residency in Emergency Medicine which was completed in 1996. He is a full time Emergency Physician and Clinical Lecturer for University of Calgary in the Calgary Health Region since then. Voted by the residents FRCPC preceptor of the year for Emergency Medicine at University of Calgary in 2013 as well as received the Mike Hodsman Life Long Learning Award for the Department of Emergency Medicine in 2015, and the Bryan Young Lifelong Achievement in Emergency Medicine Award in 2016 in appreciation of excellence and dedication to clinical teaching. Mike has heavy involvement in prehospital emergency care air transport within Alberta as Medical Director of

STARS Air Ambulance in Calgary for over 20 yrs. He is still an active flight physician for STARS and involved in Prehospital, rural, and residency Emergency Medicine Education and Human Patient Simulation.

Chris Hicks
Toronto, Canada

Chris Hicks is an Emergency Physician and trauma team leader at St. Michael's Hospital in Toronto. His is interested in how teams work, or fail to work, during crisis events. To that end, he has studied all sorts of peculiar stuff, from mental practice to stress inoculation training to resuscitation ergonomics, in an effort to help make teams safer and more effective. Chris is an avid speaker and lecturer, staunch #FOAMed supporter, occasional runner, semi-retired pianist, and proud father of three lunatic boys. He is thrilled to be back for his fourth EMU Europe conference and is looking forward to another amazing experience.

Amal Mattu
Baltimore, USA

Dr. Mattu completed an Emergency Medicine residency and a teaching fellowship with a special focus on Emergency Cardiology. He has received more than a dozen teaching awards including national awards from the American College of Emergency Physicians and the American Academy of Emergency Medicine. He is a frequent speaker at national and international conferences on topics pertaining to Emergency Cardiology and faculty development. Dr. Mattu has authored or edited 16 textbooks in Emergency Medicine. He is currently tenured Professor, Vice Chair, and Faculty Development Fellowship Director in Emergency Medicine at the University of Maryland School of Medicine.

Rick Penciner
Toronto, Canada

Rick Penciner (www.RickPenciner.com) is passionate about teaching and cycling (not necessarily in that order). He is an Emergency Physician and the Director of Medical Education and the Centre for Education at North York General Hospital in Toronto, Canada. He is an Associate Professor and the Co-lead for Faculty and Professional Development in the Division of Emergency Medicine, Department of Family and Community Medicine at the University of Toronto. Over a span of 23 years, he has been involved as a teacher, educator and leader in the spectrum of medical education - from undergraduate, postgraduate to continuing education and professional development. He spends most of his time teaching - medical students how to be doctors, residents how to be Emergency Physicians, colleagues how to teach and his boys how to be men. Rick was born and raised in Toronto, has been married to his wife Jane for 25 years (who keeps the 4 boys in her life in order).

Tim Rutledge
Toronto, Canada

Tim Rutledge is the President and CEO of Unity Health – a network of healthcare organizations including St. Michael's Hospital, St. Joseph's Health Centre and Providence Healthcare in Toronto. He was previously President & CEO of North York General Hospital from 2010 to 2018. With a background in Emergency Medicine, Tim has held a number of leadership positions, including Medical Director of Emergency Services at North York General from 1996 to 2007, and Chair of the Medical Advisory Committee from 2002 to 2004, providing leadership during the SARS epidemic in 2003. Tim developed a special interest in medical education early in his career. He chaired the committee that developed University of Toronto's first undergraduate

course in Emergency Medicine and was the director of that course from 1995 to 2001. He has been recognized for his work in education with a number of awards including University of Toronto's esteemed W. T. Aikins Award in 1997. Tim is sought out as a writer and speaker on education, physician engagement and leadership. He is an Associate Professor in the Department of Family and Community Medicine at University of Toronto.

Arun Sayal
Toronto, Canada

Arun Sayal is an Emergency Physician at North York General Hospital (NYGH) in Toronto, Ontario. For over 13 years, he has been the staff physician in the Minor Fracture Clinic at NYGH, a weekly clinic designed to look after patients with non-operative fractures and acute MSK injuries. In 2008, Arun created CASTED - The 'Hands-on' ED Orthopedics Course. Since then, CASTED has presented over 300 times across Canada. He has won over a dozen teaching awards at local, university and national levels. An Associate Professor with the Department of Family and Community Medicine at the University of Toronto, he remains active in the emergency department, the fracture clinic and presenting CASTED courses.

Amit Shah
London, Canada

Amit Shah is an award-winning educator from Western University in London, Ontario. He splits his Emergency Medicine practice between academic and community sites and has previously worked as a family and Emergency Physician in rural and remote locations. His interests include procedural sedation; thrombolysis for pulmonary embolism; efficiency and service; and procedures in the Emergency Department. When not in the Emergency Department, he can be found chasing after four children, his dog, or a squash ball. Amit's first biking experience for a charity ride resulted in much encouragement from the senior citizens passing him on the last 40 km of the ride. However, at the last EMU Europe, he was able to hit full stride – at the wine tasting sessions.
